- Call a poison control center or doctor for treatment advice.

**If Inhaled**

- If breathing is affected, move person to fresh air.
- If not breathing, call an ambulance and give artificial respiration.
- Contact doctor or poison control center for further treatment advice.

**Note:** When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office bring this label to show medical personnel.

**For Medical Emergency Assistance,** call the National Pesticide Information Center 1-800-858-7378.

Active Ingredient: 2.9% Tebuconazole (CAS# 107534-96-3)

Manufactured for:

**Repar Corporation • P. O. Box 4321 • Silver Spring, MD 20914**

EPA Reg. No. 69361-21

NET WEIGHT: \_\_\_\_\_ fl. ozs.

EPA Est. No. \_\_\_\_\_

**READ THE LABEL FIRST!**    *Open  
resealable label for directions and precautions*

**PRECAUTIONARY STATEMENTS**

**CAUTION**    **Hazards to Humans and Domestic Animals**

- Harmful if swallowed, inhaled or absorbed through skin.
- Washing hands thoroughly with soap and water after handling and before eating, drink, chewing gum or using tobacco will reduce exposure.
- Avoid contact with skin, eye or clothing.
- Removing and washing contaminated clothing before reuse may reduce exposure.
- Avoid breathing vapor or spray mist.
- When using this product, wear long-sleeved shirt, long pants, shoes and rubber gloves.

**ENVIRONMENTAL HAZARDS**

- This product is toxic to aquatic invertebrates. Do not apply directly to water
- Drift or runoff may harm aquatic invertebrates.
- Do not contaminate water when disposing of equipment washwaters or rinsate.

**QUICK FACTS**

- One quart makes up to 42 gallons diluted spray
- For control of diseases on plants
- Cures, stops and prevents listed common diseases on roses, flowers, trees, and shrubs
- Controls all major fungal diseases that harm roses, flowers, trees, and shrubs
- Rescues plants from diseases
- Systemic fungicide works through the leaves and stems to protect and cure
- Provides up to 2 weeks protection
- Rainproof Protection - won't wash off once it is dry
- Leaves no white residue
- Protects from the inside out
- Cures listed diseases and restores beauty to plants

**CONTROLS**    Anthracnose, Black Spot, Flower Blight, Leaf Spot, Petal Blight, Powdery Mildew, Rust, Scab, Southern Blight

**WHERE TO USE**

- Roses and Flowers
- Azaleas, Camellias, and Rhododendrons
- Landscape Trees and Shrubs
- Ground Covers and Vines
- Houseplants

**WHEN TO USE**

- To treat an existing disease
- To prevent and protect against future diseases

**Note:** When calling poison control center, have this product label accessible. If seeking treatment at an emergency room or doctor's office bring this label to show medical personnel. For Medical Emergency Assistance, call the National Pesticide Information Center 1-800-858-7378.

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.  
For best results, read and follow all label directions.

### BEFORE YOU USE

- Do not apply near lakes, streams, rivers or ponds.
- Do not apply to plants grown for food.
- Food utensils such as measuring spoons and measuring cups should not be used for food purposes after use with fungicides.
- Move indoor houseplants outside before treating.

### Read and follow these directions before using

### HOW TO USE

#### Shake Well Before Use

- Determine how much spray solution to make up – See “How Much to Use”.
- Make up spray solution by following directions specific to your sprayer – See “Sprayer Types”.
- Wet all plant surfaces until evenly coated with spray, but not dripping.

### HOW MUCH TO USE

- Add 3/4 fl. oz. (1 1/2 TBS) to 1 gallon of water.

## SPRAYER TYPES

### For Pump Style Sprayers

1. Add the appropriate amounts of concentrate and water to the sprayer tank.
2. Close sprayer, shake well and pressurize.
3. Adjust nozzle to a coarse spray pattern and apply.
4. Occasionally re-pressurize the sprayer if needed to maintain a good spray pattern

### For Dial Style Hose-End Sprayers

1. Fill sprayer jar with enough concentrate to cover plants to be treated. Close sprayer and set dial.  
TIP: The numbers on Dial-Style Hose-End Sprayers are ounces of concentrate per gallon of spray
2. Attach sprayer to hose and apply.

### For Concentrate Plus Water Hose-End Sprayers

1. Pour concentrate into sprayer jar to the required fluid ounce level.
2. Add the appropriate amount of water to the gallons level.
3. Reduce sprayer top and shake well.
4. Attach sprayer to hose and apply.

**Ready To  
Spray**

**HOW TO USE:** Shake Well Before Use:

This product is ready to spray. Just attach the bottle to your hose according to directions. Water automatically mixes with the concentrate as you spray.

**HOW TO ATTACH AND SPRAY:**

1. Connect your garden hose to the bottle. Be sure the blue water control valve on top of the spray nozzle is in the OFF position.
2. Turn on water at faucet. Twist the small star-shaped, blue product-control button to align the flat portion with the lock tab. Push the button in to open.
3. To begin spraying, point nozzle toward the area to be treated and turn the blue water control valve to the ON position. Tab will be horizontal.
4. To stop spraying, turn the blue water control valve on top of the spray nozzle to OFF. To close, push in the small round button opposite the star-shaped product-control button. Turn off the faucet.
5. Relieve water pressure by turning blue water control valve to the ON position until water slows to a drip.  
Turn blue water control valve back to OFF. Disconnect garden hose from bottle.
6. The unused portion can be saved and used at a later date.

**Tips for Applying:**

1. Extend hose to the farthest area to be treated and work back toward the faucet to avoid walking into wet, treated areas.
2. Walk at a steady pace while spraying, using an even sweeping motion, slightly overlapping the treated areas.

## DIRECTIONS FOR USE (cont'd.)

PLANTS	CONTROLS	WHEN TO APPLY	
		To Treat Existing Disease	To Prevent Diseases
Roses	Black Spot Powdery Mildew Rust	Apply every 7-14 days for a total of 3 applications beginning at the first sign of disease.	Apply every 7-14 days during the growing season, starting when leaves first appear.
Flowers	Leaf Spot Powdery Mildew Rust Southern Blight		Apply at least 3 times per year, 7-14 days apart, beginning with Spring bud break.
Crabapples (Ornamental), Dogwoods and Other Landscape [Ornamental] Trees	Anthrachnose Leaf Spot Powdery Mildew Rust Scab		Petal Blight – Apply 2-3 times per week into the flowers as they open and develop color.
Azaleas Camellias Rhododendrons and Other Landscape [Ornamental] Shrubs	Anthrachnose Black Spot Leaf Spot Powdery Mildew Rust Southern Blight		
Ground Covers and Vines			
Houseplants	Leaf Spot Powdery Mildew		Apply at least 3 times per year, 7-14 days apart.
<b>HOW IT WORKS</b>	This product provides 3-way action: it kills existing fungi, forms a protective barrier on the outside of the plant to keep on protecting regardless of weather conditions.		

## FOR BEST RESULTS

- Apply at the shorter interval specified under “Directions for Use” when disease or conditions favorable to disease (generally cloudy, wet and warm weather) are present.
- Prevent damage to your plants caused by disease by starting a spray schedule when diseases are likely in your area.
- For more information on what you can do to control plant diseases, contact your local County Extension Service (usually found in the White Pages of the phone book under the name of your county).

Do Not Allow Children and Pets to Enter the Treated Area Until it Has Dried.

## IMPORTANT – Directions for Storage and Disposal

### STORAGE CONDITIONS

Store in original container in a cool, dry, secure place, out of the reach of children, preferably a locked storage cabinet. Protect from freezing.

### DISPOSAL

#### If Empty:

- Do not reuse empty container.
- Place in trash.

#### If Partly Filled:

- It is best to use all of the product in accordance with label directions.
- If it is necessary to dispose unused product, please call your local solid waste agency.
- Never place unused product down any indoor or outdoor drain.
- **Do not contaminate water, food or feed by storage and Disposal**
